Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 2 MONTH(S) FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If the period for reply specified above is less than thirty (30) days, a reply within the statutory minimum of thirty (30) days will be considered timely.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

DETAILED ACTION

1. This application is in condition for allowance except for the following formal matters:

A). The drawings are objected to as failing to comply with 37 CFR 1.84(p)(5) because they do not include the following reference sign(s) mentioned in the description: Reference numeral (4), disclosed on page 1, line 20 of the specification, and reference numeral (53), disclosed on page 4, line 6 of the specification, have not been illustrated/properly labeled. Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. The replacement sheet(s) should be labeled "Replacement Sheet" in the page header (as per 37 CFR 1.84(c)) so as not to obstruct any portion of the drawing figures. If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

B). Claims 1-6 are objected to because of the following informalities:

In claim 1, line 1, the language "LCD" should be change to read --a liquid crystal display (LCD)--.

In claim 1, line 3, the language "on the toppest" should be change to read --on top of one of the--.

In claim 1, line 3, the language "(TAC) sheet" should be change to read --(TAC) sheets)--.

In claim 1, line 4, the language --a-- should be inserted before "black".

Art Unit: 2872

In claim 1, lines 5-6, the language "LCD from down" should be change to read --of the liquid crystal display (LCD) from the--.

Appropriate correction is required.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

2. Claims 1-6 would be allowable if amended, as suggested, to overcome the above mentioned objections.

3. The following is an examiner's statement of reasons for allowance:

The prior art of record does not teach or fairly suggest a polarizer to improve contrast for a liquid crystal display (LCD) from a down view angle is produced by laminating a triacetate cellulose (TAC) sheet on each side of a polyvinyl alcohol (PVA) sheet and further on top of one of the triacetate cellulose (TAC) sheets applying a surface-treatment layer that is a protective film formed by a black dye mixture to inhibit dark-state light leakage and improve the contrast of the liquid crystal display (LCD) from the down view angle.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Ricky D. Shafer whose telephone number is (571) 272-2320.
